## EXPERIENCE

### IT Technician - Ege University

Feb | 2018 - Jun 2018

- I learned how to resolve technical requests from different departments quickly and effectively. Throughout this process, I grasped the importance of working both individually and within a team.
- I gained practical knowledge in network management, system maintenance, and technical support.
- I experienced the necessity of performing regular updates and maintenance to ensure the continuity of the IT infrastructure.

### IT Intern - Ege University

Jun | 2017 - Aug | 2017

- I improved my ability to diagnose and resolve issues related to computer hardware and software.

### IT Intern - Ege University

Aug | 2015 - Oct | 2015

- Using the Arduino platform, I planned the integration of hardware and software. I gained in-depth knowledge of troubleshooting and optimization.
- I participated in off-site tasks and learned the importance of effective communication to understand user needs and provide them with the most appropriate solutions.

---

## EDUCATION

Ege University - Computer Programming

2016 - 2018

---

## DIGITAL SKILLS

- ASP.NET
- C#
- Eclipse IDE
- CSS
- HTML
- MATLAB
- MS Office
- MS Visual Studio
- PHP
- Python
- SQL

---

## ACTIVITIES

TMMOB Chamber of Physics Engineers

Oct | 2021 - Jan | 2022

We organized technical trips with the participation of experts in the industry.
